

COVID-19 Essential Workplace Graphics and Signage Solutions

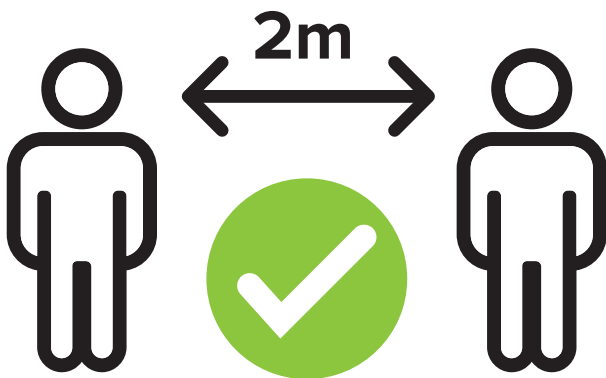

From floor graphics and banners to window stickers and posters, all designed to keep your business safe.

KEEP YOUR BUSINESS SAFE

As the UK Government outlines social distancing measures for the future it is important we all follow their guidelines to keep our staff, customers and visitors safe.

[Read the Government advice here](#)

Our wide range of Covid-19 solutions will enable your business to adhere to these new requirements and help you communicate them appropriately in your workplace.

Every business will need some form of Covid-19 procedure to guard against further spread of the virus. We have developed a range of products to help get your business ready for trading, each product effectively delivers guidelines on safe working practices to ensure the well-being of your staff, customers and visitors.

Please feel free to contact us to safeguard your place of work and team, simply email enquiries@fwdmotion.co.uk and we'll arrange a call back.

Why FWD Motion?

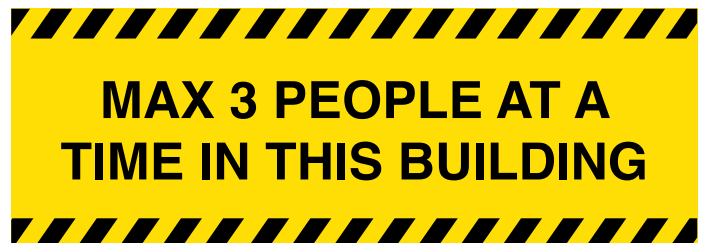

- We understand and will recommend the best product for your requirements
- Choose from our template designs or discuss branded options
- All our staff adhere to strict social distancing guidelines
- Our packing and quality control team use gloves to wrap and send each package
- You can relax, knowing we'll take care of everything
- Our couriers are fully Covid-19 compliant

Window Stickers

Working environments will need to display clear and precise guidelines for Covid-19 safe working practices. Window stickers can be used externally and internally to keep your staff, customers and visitors safe.

Product specifications

- Standard size 420mm x 148.5mm (bespoke sizes available if required)
- Can be printed right way reading to read from the inside of the building, or reverse printed to be viewed the correct way from the outside of the building

Floor Graphics

As Government guidelines relax, floor graphics are a simple, visual way to enforce safe working practices to protect your staff, customers and visitors. These can be used in communal areas i.e. reception, kitchens, toilets etc to show social distance measurements. Directional arrows can be used to navigate your one-way system.

Product specifications

- Adhesive vinyl with anti-slip certification
- 300mm circles
- 2m distance ruler
- Bespoke designs available if required

Posters

Ensure your staff, customers and visitors have the information they need to work safely and effectively in the workplace with information posters. We can laminate posters for external use on notice boards and A boards.

Product specifications

- Posters printed in full colour to face on a 140gsm silk art paper
- A3, A2, A1 sizes available
- Bespoke design available
